It is impossible to say what transport can be used; carts can frequently be got upto Gangtok to reach Yarcola; the road is continually being swept by the Teesta or breached by rain, when only mules or coolies can go. Beyond Gangtok mules or coolies only are available. This road during the rains is subject to slips, but animal transport can usually proceed; in winter there are frequent slips and the track may become obliterated by snow; animal transport often cannot proceed, but anyone determined to do so could do so with coolies; there is, however, a risk of avalanches. The dak is not, as a rule, stopped for many days at a time, but there are a certain number of casualties amongst the Thibetan runners from avalanches and frost-bite. To Indian Exporters

When next you have your export catalogue printed see that the blocks are made and printed in such a manner that they show up the excellence of your goods. A shoddy catalogue implies that your goods are of the same quality, whereas one that is nicely displayed and well printed gives to the customer that touch of confidence which is needed when you are not in a position to send him samples of your goods.
